

Development of Manual Training, in the United States (Classic Reprint)

By Hamilton Ross Smith

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Development of Manual Training, in the United States It is the purpose of this thesis to trace out the development of Manual Training in the United States; to state the causes which were responsible for its introduction; to suggest the benefits derived; and to give some idea of the present trend of educational thought in regard to the subject. Much has been written in recent years about Vocational Education, Industrial Training, Technical Training, Mechanic Arts, and Trade Schools. Discussion of these forms of training does not lie within the scope of this paper, except when they are so interrelated with Manual Training that it is practically impossible to divorce them. Domestic Science is not treated under a separate heading, but is discussed in its relation to Manual Training. Much that is said concerning Manual Training is true, also, of Domestic Science. What Manual Training is to the boys, Domestic Science is to the girls. Much confusion has arisen among the uninitiated because of the different terms used, hence, it is of prime importance that the...
