JUMPING INTO C++ (PAPERBACK)

Cprogramming.com, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Want to learn to code? Want to learn C++? Struggling to follow your lecturer or books and tutorials written for experts? You re not alone. As a professional C++ developer and former Harvard teaching fellow, I know what you need to know to be a great C++ programmer, and I know how to teach it, one step at a time. I know where people struggle, and why, and how to make it clear. I cover every step of the programming process, including: Getting the tools you need to program and how to use them Basic language feature like variables, loops and functions How to go from an idea to code A clear, understandable explanation of pointers Strings, file IO, arrays, references Classes and advanced class design C++-specific programming patterns Object oriented programming Data structures and the standard template library (STL) Key concepts are reinforced with quizzes and over 75 practice problems.
