

Concentrating on Dispersed Operation: Answering the Emerging Antiaccess Challenge in the Pacific Rim

By Air University Press

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Potential adversaries of the United States recognize that its ability to globally project combat power is essential to maintaining military dominance. Degrading US combat power projection requires a strategy of access denial which consists of geopolitical and military measures. In the Pacific Rim, the development of antiaccess capabilities is accelerating. Specifically, China has increased its procurement of ballistic, cruise, and antiship missiles, sea mines, and diesel submarines with a special focus on anticarrier operations. Although China seems focused on naval forces, the antiaccess challenge affects all services. Since the Pacific Rim continues to emerge as a global region of importance, the United States must implement access-enhancing measures now to optimize its power-projection capability in future operations. The central question for the Air Force centers on how land-based airpower can assist in answering the emerging antiaccess challenge in that region. This is not the first time the United States has faced a significant antiaccess challenge. It encountered a severe challenge from the Soviet Union during the Cold War when confronted with multiple nuclear delivery means that threatened US military...

Reviews

This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.
