

They're Your Parents, Too!: How Siblings Can Survive Their Parents' Aging Without Driving Each Other Crazy

Filesize: 3.43 MB

Reviews

It is great and fantastic. Better then never, though i am quite late in start reading this one. Its been written in an extremely simple way and is particularly only right after i finished reading this ebook where actually changed me, affect the way i really believe.

Bantam Books, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Russo is so insightful, so psychologically acute and compassionate that she held me rapt for the whole book. They're Your Parents, Too! is the first book of it's kind I have ever read and I am extremely grateful to Russo for giving us her wisdom and the help of the experts whose voices guide us through what is an extremely difficult passage for us all." Pepper Schwartz, Ph.D., Professor of Sociology, University of Washington and author of Prime: Adventures and Advice on Sex, Love, and the Sensual Years "Francine Russo has written a stunning book about one of the most complex but ignored times of human transition-the sibling relationships when parents are in decline and then die. Taking over often becomes a sibling struggle-and therein lies the core of Francine Russo's uplifting book." Pauline Boss, Professor Emeritus, University of Minnesota and author of Ambiguous Loss "I wish Francine Russo had been my tutor as I faced my own mother's decline and death. All the issues that came up for my brother and sister and me are addressed so accurately and compassionately in this book. This is a manual that shows us how to negotiate a healing path through our parents' final challenge, and prepares us for our own." David Richo, PhD., author of When the Past is Present and How To Be An Adult "This book by Francine Russo will be enormously helpful to siblings struggling with the many challenges posed as their parents grow older." Robert N. Butler, M.D. President and CEO, International Longevity Center, Founding director of the National Institute on Aging "Interesting, relevant, insightful! Anyone who reads this book will find something that opens a window to new thinking about..."
