Pub Date :2003-01 Pages: 336 Publisher: Guangdong Higher Education Press Introduction This book contains over 60 cases listed. all from the national curriculum reform experimental zone - Shenzhen Nanshan position. teaching frontline science teacher. almost all cases are based on their own classroom. from which we can easily feel they really use the heart in writing. Although in some cases is not perfect. and some even a bit superficial. because they are. after all. the first time this work. but the resulting but even more commendable. These cases from one side to reflect the Nanshan District Middle School science teacher understanding of the new curriculum. reflection on their own classroom teaching. recording the difficult process of growing footprint in their curriculum and explore. when also reflects their relentless pursuit of the art of teaching. Integration of management material. chemical. biological. natural. geography and other subjects from the new round of national basic education curriculum reform in junior high school science classes. is a comprehensive science. which originally only qualified for the single subject teaching teachers huge confusion. but also gain a lot of joy. the science teacher who is struggling to grow up in this confusion and joy Cross. This booklet right when one of these puzzles and joy is incomplete summary. I hope people read this book . (expand all) book contains more than 60 of the cases listed. all from national lesson Reform Experimental Zone - the Shenzhen Nanshan position teaching the forefront of science teachers. almost all of the cases are based on their own classroom. from which we can easily feel they really use the heart in writing.
