

Dinomazes 31 Poster-Size Prehistoric Fossil Mazes

Filesize: 4.55 MB

Reviews

Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.

(Althea Fahey MD)

Workman, New York. Softcover. Condition: New. They're ginormous! A marriage of two things kids love--dinosaurs and mazes--"DinoMazes "is a one-of-a-kind collection of 31 super-sized, colossal fossil mazes. It is hours and hours of fun that spans hundreds of millions of years. Created by Elizabeth Carpenter, Mazeology founder and author of the award-winning "Mummy Mazes," "DinoMazes "features several new mazes and redrawn original mazes. Work your way through the skeletons of a Stegosaurus, Velociraptor, T. Rex, Triceratops, plus giant sloths and a saber-toothed tiger. Discover the earliest known turtle, Proganochelys--unable to retract its head, it grew fierce spikes on its neck--and Acanthostega, an ancient "fish" with feet instead of fins. The dazzling illustrated mazes are challenging--start at a tail, find your way through the rib cage, and exit at the mouth. Interspersed are miniature speed mazes--how fast can you get through the Styracosaurus head? Each maze comes with sidebars and captions about the animal, including meaning of the name, when the creature lived, and its lifestyle and habitat.
