Rarebooksclub.com, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1884 edition. Excerpt: .for the reduction in the number of special fonnulae may be found in the great progress of pharmaceutical chemistry, which has placed in the hands of the pharmacist medicinal substances in such a form that they can be combined at the moment, instead of requiring the tedious processes formerly necessary, when only the crude drug was available from which to prepare his compounds. These products of the laboratory are the most prominent and valuable additions to the recent lists of medicines, and every new Pharmacopoeia is prompt to recognize them. LIST OF PHARMACOEPIAS, including all the countries from which information has been received relating to She official Pharmacopoeia or standard pharmaceutical work in general use: ARGENTINE REPUBLIC. Codex Medicamentarius Grallicus (Pharmacopee Francaise). Tratado de Farmacia y Farmacognosia. By Charles Murray. (Not official.) (A national pharmacopoeia is in process of compilation, under direction of the...
