FIREFLY BOOKS, 2014. Paperback. Condition: New. 4th ed.. Language: English . Brand New Book. Reviews for the previous editions: Because it stays focused, it succeeds. When you read Stargazing, you feel as though you have a friend who s helping you think about the world of telescopes. --Sky and Telescope A practical guide that demystifies the process of buying a telescope. valuable advice on how to instantly spot misleading labels on low-end telescopes. --Astronomical Society of the Pacific Books of Note Buying a telescope is essential for the stargazer who wishes to progress from binocular sky watching. With so many choices in technology and price, how does one choose just the right one? Robin Scagell supplies an expert s objective advice to making a smart purchase. Newly updated and revised with the latest technology, Stargazing with a Telescope demystifies the process of buying and using a telescope. The features and benefits of the different types of viewing instruments are evaluated in straightforward terms, and color illustrations help to clarify the choices. Equipment covered includes: Binoculars: a range of choices for astronomers at any level Refractors: classic telescopes that are easy to use and maintain Reflectors: sophisticated instruments that allow night sky photography Catadioptrics: compact telescopes that are gaining popularity CCDs and webcams. New to this edition is information and guidance on taking astro-images not only with a camera but by using CCDs (charge-coupled devices), which are better for capturing nebulae and fainter objects beyond the solar system. There is also new and exciting guidance on using webcams to capture objects moving in the night sky. The book provides brand names and model numbers and the general advice applies to all brands, including recent model releases. Lens size, focal lengths, focal ratios and much more are explained with clear diagrams and...
