Bridger House Publications Inc., United States, 1998. Hardback. Condition: New. UK ed.. Language: English . Brand New Book. Written from the unique point of view of spirit, not the point of view of man. It encompasses the long-term interaction between extraterrestrials and earth bound humans whose positions are interchangeable. A story that has never been told before and needs to be told now, ETA stands in a class of its own. This story contains predictive global material. ETA was copyrighted prior to the announcement on the news that an international space station would be in place by the year 2002. In this story we estimate the time as 2005. All predictive material in this book is balanced between conflict and resolution giving the reader new philosophies to live by and applicable solutions to the pending earth changes. Today more than ever it is imperative to unite the governments of the world. ETA serves as a stepping stone towards that goal. It is a tale about immortal life and the evolution of the human species. Although written as fiction the characters and events of this story are known by the authors.
